Today's COVID-19 figures for Denmark

Updated daily at 14th

	samples	tested	Confirmed cases	Over infection	Deaths (%)
Number today	637738	528982	11699	10412	576 (4.9)
Change since yesterday	8773	6388	30	50	2

Obs. the increase in the number of deaths in the last 24 hours may reflect a retrieval of death certificate reports since the operational malfunction in the Cause of Death Register on. May 28, 2020.

	hospitalized	Of which in the intensive department.	Of which on intensive and in respirator
Number today	103	20	11
Change since yesterday	5	0	1

Today's COVID-19 figures for the Faroe Islands and Greenland

Updated daily at 14th

	Number tested	Confirmed cases	Over infection	Deaths (%)
Faroe Islands	9677	187	187	0

Download [monitoring file](#) (zip csv file updated on weekdays at 2pm). The file contains data on the number of infected and tested by municipality, number of infected by sex and age, death over time and number of new admissions. See also our [archive of previously published data](#). See how to [save the monitoring page as a pdf](#).

[Read more about the outbreak with COVID-19](#), infectious [hygiene](#) guidelines, model calculations for scenarios when reopening Denmark, and find the weekly Trend and Focus reports from SSI.
