Two more persons have tested positive for COVID-19 in Barbados, out of 26 tests carried out by the Best-dos Santos Public Health Laboratory yesterday.

The two, who bring Barbados' total number to 26, are a 65-year-old Barbadian man who travelled to the United States and returned to the island, and a 51-year-old woman who arrived from the United Kingdom.

They are both in isolation and contact tracing has begun.
